

Replicating Adverse Dynamics Instructor Certification

Seacrest Training Facility/Delray Beach P.D.

Oct. 29-30, 2026 (8am start time, daily)

Location: 2350 Seacrest Blvd, Delray Beach, FL 33444

Designed to teach self-defense instructors and personal protection specialists the fundamentals of replicating adverse dynamics in training environments, this state-of-the-art program is an absolute must for any self-defense educator. This course explores the most critical issues of simulation training, concentrating on productive drills and scenarios, implementation of those drills and scenarios, supervision and safety. This reality-based simulation scenario-driven program covers situational dynamics from one-on-one hand-to-hand confrontation, multiple subject encounters to weapon defense training issues. Instructors will learn how to expand their program capabilities and take their training to the next level of reality-based intensity. Graduates will be able to conduct dynamic, realistic and safe simulation exercises in any self-defense training venue. Completion of program includes a comprehensive Instructor's curriculum, program materials, and Certification.
