KEYCHAIN DEFENSE OPTIONS (KDO) INSTRUCTOR CERTIFICATION

Offering a valued opportunity to learn and teach Keychain Defense Options to members of your community. By enrolling in the Keychain Defense Options Instructor Certification course, instructors have the opportunity to build upon their already established Basic Physical Defense (BPD) program. Participants in this RAD instructor's course will be certified, upon successful completion of the program, to teach the RAD Systems Keychain Defense Options. The course is taught in a relaxed environment that is conducive to learning tested instructional techniques, tactics, and unique insights about safe productive training environments. The program includes in-depth instruction in the selection, carry and use of keychain defense devices. The program's focus is in technique development that builds upon the RAD Basic Physical Defense programs.
